

BAYSTORM BASEBALL

Website Architecture & Design Specification

For Todd - developer handoff document for building the BayStorm Baseball web presence and BayStorm HEAT team page.

Primary Goal	Turn visitors into lesson clients, program inquiries, and HEAT tryout leads through a high-energy, professional baseball brand experience.
Visual Direction	Dark storm/night baseball atmosphere, teal/mint energy accents, gold premium highlights, lightning texture, cage lighting, and clean athletic typography.
Site Pages	Homepage, Training, Pitching Lab, HEAT, About, Contact.
Core Calls to Action	Book Training, Join BayStorm Program, Request Tryout Info, Contact Us.

Train With Purpose. Play With Power.

Design should feel elite, local, gritty, and parent-trustworthy - not generic youth sports.

1. Visual Reference Pages

Use the uploaded visual mockups as the north star for tone, color, and page energy. The design does not need to copy every pixel, but should preserve the same dark, stormy, premium baseball identity.

2. Brand & Design System

Element	Specification
Primary Colors	Black/charcoal background, mint/teal accents, gold highlights, white text.
Atmosphere	Nighttime batting cage, storm clouds, lightning texture, stadium/cage lighting, smoke/grit overlays.
Typography	Bold athletic sans-serif for headers; clean sans-serif for body copy. Large confident headlines with short, readable supporting copy.
Buttons	Primary: teal gradient/button with white text. Secondary: gold or transparent outline. Hover states should brighten and feel responsive.
Imagery	Kids training under lights, hitters in cages, pitchers throwing, closeups of gloves, balls, nets, helmets, jerseys. Avoid stock-photo cheesiness.
Tone	Confident, direct, developmental, competitive, family-trustworthy.

Accessibility & Mobile

- All pages should be mobile-first and fully responsive.
- Text contrast must stay readable over dark photos.
- Forms must be simple and thumb-friendly.
- Header should collapse into a mobile menu.
- Sticky CTA button on mobile is recommended: Book Training or Request Tryout Info.

3. Site Architecture

Page	Purpose / Primary CTA
Homepage	Brand landing page for all BayStorm Baseball development. Primary CTA: Book Training. Secondary CTA: Join BayStorm Program.
Training	Explain private instruction, small-group training, hitting development, fielding, catching, and membership options. Primary CTA: Book Training.
Pitching Lab	Dedicated pitcher development page. Establish structure, mechanics, command, velocity, arm care, and progress tracking. Primary CTA: Join Pitching Lab.
BayStorm HEAT	Travel team/program page for tryout interest, uniforms, team standards, included items, cost, and program expectations. Primary CTA: Request Tryout Info.
About	Build trust: who Kyle is, why BayStorm exists, coaching philosophy, local Fairhope/Baldwin County roots, player development mission. Primary CTA: Contact Coach Kyle.
Contact	Simple conversion page with form, phone/email/social, location/service area, and FAQ. Primary CTA: Send Message.

- Book Training button in header

4. Homepage Specification

Section	Content / Function
Hero	Night batting cage background. Large BayStorm Baseball logo. Headline: Train With Purpose. Play With Power. Supporting line: Elite baseball development for hitters and pitchers in Baldwin County.
Hero CTAs	Book Training, Join BayStorm Program.
What We Offer	Three cards: Hitting Development, Pitching Lab, Private Instruction. Each card links to relevant page/anchor.
Why BayStorm Works	Bulleted trust section: more reps, small groups, structured progression, real game performance.
Lead Form	Short form: Player Name, Parent Name, Phone, Email, Interest dropdown. Button: Join BayStorm Training.
Footer	Logo, service area, contact info, social icons, quick links.

Homepage Copy Blocks

- Headline: Train With Purpose. Play With Power.
- Subheadline: Elite baseball development for hitters and pitchers in Baldwin County - built on reps, structure, and real results.
- Offer card: Hitting Development - Group training focused on hitters, mechanics, timing, approach, and game production.
- Offer card: Pitching Lab - Small group pitching lab focused on command, mechanics, velocity, arm care, and confidence.
- Offer card: Private Instruction - 1-on-1 training for hitters and pitchers with limited availability.

5. Training Page Specification

Section	Content / Function
Hero	Training-focused cage/action image. Headline: Built for Reps. Designed for Results. CTA: Book Training.
Training Options	Cards for Private Lessons, Small Group Hitting, Small Group Pitching, Catching/Fielding, Seasonal Development.
How It Works	Step 1 evaluation, Step 2 skill plan, Step 3 weekly reps, Step 4 game transfer.
Who It Is For	Youth players seeking better mechanics, confidence, approach, command, athleticism, and baseball IQ.
Pricing/Availability	Optional section. Can say limited spots available and prompt contact rather than publish all rates if Kyle prefers.
CTA Form	Player info, age, current team, parent contact, skill focus, preferred days/times.

Developer Notes

- Cards should be easy for Todd to edit as services change.
- Use reusable CTA form component across Training, Pitching Lab, and Contact.
- Add testimonials later as a carousel or simple quote cards.
- Keep copy short and scannable for parents on phones.

6. Pitching Lab Page Specification

Section	Content / Function
Hero	Pitcher under lights, mound/cage/net texture. Headline: Command. Mechanics. Confidence. CTA: Join Pitching Lab.
Program Promise	Structured pitcher development that teaches repeatable mechanics, command, mound presence, velocity foundations, and arm care.
Lab Pillars	Mechanics, Command, Velocity Development, Arm Care, Mentality, Game Plan.
Session Structure	Warm-up/arm care, movement prep, mechanics focus, mound work, command challenge, cool down, parent/player takeaway.
Progress Tracking	Optional: video review, notes, goals, measurable improvements, monthly check-ins.
CTA Form	Player name, age, throwing hand, pitching experience, goals, parent contact.

Suggested Copy

- BayStorm Pitching Lab is not just throwing bullpens. It is a structured development system for young pitchers.
- Players learn how to move better, throw with intent, command the baseball, compete on the mound, and protect their arm.
- Limited spots maintain quality and individual attention.

7. BayStorm HEAT Page Specification

Section	Content / Function
Hero	Storm/lightning background with BayStorm HEAT logo. Headline: Train with BayStorm HEAT. CTA: Request Tryout Info.
Why HEAT	Uniform mockup section and positioning as a serious development and competition program.
What Is Included	Uniform suites, practice gear, tournaments, team training, development expectations, optional gear package.
Cost & Details	Program cost area. Example shown: \$2,500 per year. Can be updated once final fee structure is confirmed.
Standards	Hustle, Effort, Attitude, Toughness. Great teammates. Tough competitors.
Tryout Form	Player name, parent name, age, positions, current team, contact info, notes.

HEAT Tone

- This page should feel more intense and competitive than the general training pages.
- Make the uniforms and brand look premium.
- Clearly communicate that HEAT is about development plus serious competition.
- Use direct language: serious players, committed families, high standards, real development.

8. About Page Specification

Section	Content / Function
Hero	Coach/player or field/cage image. Headline: Built for Development. Rooted in Baldwin County.
Mission	Develop disciplined, confident players through structured training, repetition, accountability, and love for the game.
Kyle/Coach Bio	Short personal story: local coach, father, player development focus, high standards, organized training environment.
Philosophy	Reps matter. Confidence matters. Structure matters. Players need to love the game while learning to compete.
Community	Fairhope/Baldwin County roots, youth baseball development, long-term vision for BayStorm.
CTA	Talk with Coach Kyle / Book Training.

9. Contact Page Specification

Section	Content / Function
Hero	Simple dark contact page. Headline: Start Training with BayStorm.
Contact Form	Parent name, player name, age, phone, email, interest area, message.
Contact Info	Phone, email, Facebook/Instagram, service area: Fairhope and Baldwin County.
FAQ	Common questions: age groups, lesson types, availability, what to bring, how HEAT tryouts work.
Confirmation	After form submit: Thank you - Coach Kyle will follow up soon.

10. Reusable Components & Build Notes

Component	Implementation Notes
Header	Logo left, nav center/right, CTA button. Transparent over hero on desktop, dark solid on scroll. Mobile hamburger menu.
Hero Section	Full-width background image/video, dark overlay, logo option, headline, subheadline, two buttons.
CTA Buttons	Primary teal, secondary gold/outline. Consistent labels and hover states.
Service Cards	Icon/image, short title, 2-3 lines, link/CTA.
Lead Forms	Keep forms short. All submissions should route to Kyle email and/or CRM/spreadsheet if Todd sets one up.
Footer	Logo, nav links, contact, social, copyright, service area.
SEO Basics	Page titles, meta descriptions, alt text, local keywords: Fairhope baseball training, Baldwin County baseball lessons, youth pitching lessons.

Suggested Tech/Content Requirements

- Responsive build for mobile, tablet, and desktop.
- Fast-loading compressed images.
- Editable content blocks so Kyle can update prices, offerings, and tryout info.
- Spam-protected forms.
- Analytics setup for form submissions and button clicks.
- Social media links to Facebook and Instagram.
- Optional future pages: Teams, Sponsors, Facility, Store, Blog/Player Development Articles.

11. Final Developer Checklist

- Build six primary pages: Homepage, Training, Pitching Lab, HEAT, About, Contact.
- Match the dark storm/night baseball visual direction from the supplied mockups.
- Use the same component system across pages for consistency.
- Make all forms functional and mobile-friendly.
- Make the CTAs clear and repeated throughout the site.
- Prioritize parent trust, player development, and a premium baseball identity.
- Launch with placeholder editable content where needed, then let Kyle refine wording, pricing, and photos.

BayStorm Baseball should feel like a serious player development brand from the first screen.
